

Saving Your e*Course* Certificate as a PDF File

When you finish your MSF Basic e*Course*, your Certificate of Completion is immediately available for printing.

However, if you do not have a printer, you have several options to access your Certificate later.

You can log back in to your e*Course* account from any computer with a printer and a network connection using the URL <u>https://elearning.msf-usa.org</u>, and your Username and Password.

Access your certificate on the Basic Rider eCourse v. 2.0 menu page.

The previously 'Restricted' Completion Certificate is now available. Click to view your certificate.

Another option is to save your certificate as a PDF file so that you can email it to yourself or to your training provider.

Follow the instructions on the first page to log into your e*Course* and find the link to your certificate on the Basic e*Course* 2.0 menu page. This will open your certificate so you can print. You will see a prompt to print.

If you do not have a printer, you can choose to save as a PDF file.
